Casualty Facultative Reinsurance Submission

- Named insured(s), location (city and state).
- Class of business (WC, AL, GL, etc.), layer requested.
- Structure of primary program (deductible, SIR, ALAE, Aggs).
- Pricing.
- Description of operations (including website).

- Historical exposures (payroll, fleet, sales) past five years.
- Summary of loss control and other management controls.
- Terms and Conditions.
- Loss History.
 - Current year plus five years minimum.
 - Total incurred amount and number of claims for each year.
 - Currently valued (provide valuation date for all policy terms).
 - Source of information (provide source for each term).
 - Description of single losses excess \$100,000.
 - Claims handling (carrier, TPA, self-admin).

General Liability/Products Appetite

We have a broad appetite for General Liability and Products/Completed Operations risks.

Account types include:

- Manufacturing.
- General services.
- Retail stores and shopping malls.
- Habitational inclusive of apartments, condos and hotels/motels.
- Construction: practice, projects and wrap-ups.
- Restaurants including liquor liability.
- Stand-alone liquor liability.
- Stadiums and arenas.
- Special events.
- Rental operations.
- Amusement and recreational facilities.
- Carve out.

Notable **exceptions** to the items listed above:

- Energy risks.
- Pharmaceutical manufacturers (exceptions will be considered for over the counter).
- Nutraceutical manufacturers.
- Invasive and life support medical products.
- Automobile manufacturing/auto parts – critical.
- Tobacco products/e-cigarettes.
- Marijuana related products.
- Chemical manufacturers not written on a claims-made or occurrence reported form.
- Financial loss coverage.
- Medical malpractice and healthcare liability.
- Environmental liability.
- Feedlot and “food chain” exposures.

Automobile Liability Appetite

We will entertain a wide variety of Automobile accounts.

Account types include:

- Trucking companies with fixed routes and defined products hauled.
- Specialty vehicles.
- School and church busses.
- Wide loads.

- Hazardous materials.
- Unique one-off deliveries.
- Delivery operations.
- Contractors.
- Sales fleets, including hired/non-owned only.
- Cross-border operations.
- Dealership exposures.
- Waste/recycling haulers.
- Rental operations.
- Charter bus.
- Taxi/limo/black car.
- Emergency vehicles.
- Hotel and employee shuttle.
- Oil patch.
- Carve-out drivers; specified units.

The following operations are not within our appetite:

- Uber/Lyft or other similar transportation network companies.

Umbrella/Excess Coverage

Our Umbrella and Excess appetite follows our Auto and General Liability guidelines. We are a market for Lloyd's Slip and Bermuda covers.

Worker's Compensation

ARCF is not currently a market for-Statutory Workers Compensation.

Exceptions are made for the following carve out coverages related to the Worker's Compensation cover:

- Industrial aid aircraft.
- Single location/high occupancy/multi-person excess.
- Group transportation carve-out.
